

Obtain key metrics for any property or booking platforms, broken down by months and revenue categories, alongside critical KPIs relevant to the hotel industry. Include week-over-week changes and additional insights as necessary.

Analyze revenue and occupancy percentages across months, properties, and cities to gain insights into property performance. Evaluate based on metrics such as bookings, cancellations, successful bookings, and more to provide a comprehensive analysis.

Retrieve bookings from various platforms and average ratings based on different factors. Evaluate KPIs such as successful bookings, cancellations, and no-shows.
